

# Return and Refund Policy

## Overview

This Return and Refund Policy outlines the conditions under which customers may return purchased items and receive a refund. By completing a purchase on our platform, you agree to the terms described in this document.

## Eligibility for Returns

Customers may return any item within 30 days of the original purchase date. To be eligible, the item must be unused, in its original packaging, and accompanied by valid proof of purchase.

Items not eligible for return include digital downloads, perishable goods, customized products, and items marked as final sale.

## How to Initiate a Return

Contact our support team at [support@company.com](mailto:support@company.com) with your order number and reason for return. Our team will respond within two business days with a Return Merchandise Authorization number and return instructions.

Do not ship any item back without first receiving an RMA number. Returns sent without one will not be accepted.

## Refund Processing

Once the returned item is received and inspected, approved refunds are processed within 5 to 7 business days to the original payment method.

Shipping fees are non-refundable unless the return is due to a defective product or an error on our part.

## Damaged or Defective Items

Report damaged or defective items within 48 hours of delivery by emailing [support@company.com](mailto:support@company.com) with photographs and your order number.

Approved claims result in a full refund or free replacement at the customers discretion.

## Exchanges

Items may be exchanged within 14 days of purchase subject to stock availability. If the variant is out of stock, store credit of equal value will be issued.
