

Shipping Policy

Overview

This Shipping Policy explains how and when we process, ship, and deliver orders. Please read this before placing an order to understand our delivery timelines and options.

Order Processing

All orders are processed within 1 to 2 business days after payment confirmation. Orders placed on weekends or public holidays are processed on the next business day.

You will receive a confirmation email immediately after payment and a tracking email once the order is dispatched.

Domestic Shipping

Standard shipping takes 5 to 7 business days. Express shipping delivers within 2 to 3 business days for an additional fee calculated at checkout.

Free standard shipping is available on domestic orders that meet the minimum order value shown at checkout.

International Shipping

We ship to over 50 countries. International orders typically take 10 to 20 business days depending on the destination and customs processing times.

The customer is responsible for any customs duties or import taxes. These are not included in the order total and are collected upon delivery.

Tracking Your Order

Once dispatched you will receive a tracking number by email. Tracking may take up to 24 hours to update after the shipment is scanned by the courier.

If tracking has not updated after 5 business days contact support@company.com with your order number.

Lost or Delayed Shipments

If there is no tracking movement for more than 10 business days contact us and we will open an investigation with the courier.

Parcels confirmed as lost will receive a full replacement or refund.
